

## WHY NEWTON SMILE CENTRE?

### OUR TEAM = YOUR DENTAL FAMILY

When you are here, you are family. We take the time to get to know you.

### OUR PRACTICE

We are committed to delivering the best General and Cosmetic Dental Care to you. Aided by the latest technological advances, you can expect the most effective dental experience in a relaxed, **stress free** environment. We practice all forms of dentistry: teeth whitening, fillings, crowns, veneers, bridges, root canals, dentures, surgical extractions and periodontal cleanings.

### CEREC DENTISTRY

We offer one-visit technology to make crowns. You only need **one visit** instead of two or more, saving you time and money.

Computer aided design ensures an exact fit - eliminating impressions, temporary crowns, biting problems and return visits.

CEREC crowns are made out of ceramic, use no metal, and have superior esthetics.

### LASER DENTISTRY

Lasers can be used for many types of dental procedures. Lasers are minimally invasive and allow for faster healing, providing a more comfortable experience for the patient.

### FINANCING OPTION

In addition to offering our In-Office Savings plan, we provide **0% financing** options based upon approved credit.

# IN-OFFICE SAVINGS PLAN
